NODE RED CONNECTION:

Node-RED interface showing a flow diagram with nodes: [get] /sensor, function, and http. The interface includes a sidebar with node categories (common, function), a top bar with tabs (Flow 1, Flow 2, Flow 3), and a right sidebar with an info panel displaying flow details and a search bar.

The flow diagram consists of three nodes connected in sequence:

- [get] /sensor
- function
- http

The right sidebar (info panel) shows the following details for Flow 1:

- Flow ID: "40f9999a0fb0cc65"
- Instructions: Show the Info tab with `ctrl-g i` or the Debug tab with `ctrl-g d`

The bottom status bar displays the system clock: 87°F, Mostly sunny, 17:01, 25-11-2022.
